Hi Ben

The data on City's Open Data portal is intended for use by the community, and hence we have no objection and give:

### Permission to Incorporate CC BY Data Into OpenStreetMap

With respect to CC-BY data sets on the Open Data Portal at <https://data.canning.wa.gov.au>, the City of Canning agrees to the following:

1. Attribution by OpenStreetMap and its users through <http://wiki.openstreetmap.org/wiki/Contributors> is sufficient to provide attribution to the City of Canning in a "reasonable manner" in accordance with Section 3(a)(1) of the CC BY 4.0 license.
1. The City of Canning waives Section 2(a)(5)(B) of the CC BY 4.0 license as to OpenStreetMap and its users with the understanding that the Open Database License 1.0 requires open access or parallel distribution of OpenStreetMap data.

Please let us know when the data is consumed within Open Street Map and/ or in apps, which will give us a use case to publish more public open data.

Good luck

Regards
