

SOTM 2010 Song Contest

Every way I walk

Every town I go
every stream I row
every street I drive
every sea I dive
I make maps for you

Every trail I walk
every lot I park
every trip I make
every pic I take
I make maps for you

So can't you see
you need maps for free
Everywhere you go
I want you to know

Every game I play
each hotel I stay
every train I ride
every cache I hide
I make maps for you

Every car I drive
everywhere I arrive
every ship I take
every trip I make
I make maps for you

On a trip you'll be lost without a map
so let's keep on closing every gap!

With OpenStreetMap you are so well prepared
you won't get lost, so don't be scared.

You will be finding every place!

So can't you see
you need maps for free
Everywhere you go
I want you to know

We make maps for you

Every pub we try
every plane we fly
every bench we sit
every node we submit

We make maps for you

Every cave we crawl
every stairs we fall
however far the track
'n' when we're coming back

We make maps for you

Every town we go
every stream we row
every street we drive
every sea we dive

We make maps for you

Every trail we walk
every lot we park
every trip we make
every pic we take
