Dear Sabarish

Initiate action on using data.gov.in. This will be the first step in making available the data with government available to the government organizations and people. Entrust Nishant and anu Murali with the responsibility to manage it and obtain technical support whatever required from CDIT. Host it in SDC with IT Mission as the owner.

Expecting prompt action.

regards
Sambasiva,
Director,
IT Mission.

Dear Dr. unni

Please let us know the team from C-DIT working on this. We will include in the team. We can get the implementation done by C-DIT if team is found good.

Let us first implement data.gov.in and continue work on this.

regards,
Sambasiva,
Director,
IT Mission.

Dear Samba and Sabhareesh,
Please keep in the loop. We had been trying to work on open data policy for some time and I have set apart some funds in C-DIT for this in the plan.

Dear sabarish

Adoption of data.gov.in will be beneficial and it is more comprehensive than the current open data window in state portal. Let us first adopt this and decide on future course of action based on experience.

Please plan a workshop with departmental IT nodal officers who can help contribute for the implementation of open data policy. Engage nishant and anumurali for the purpose.

Regards
Sambasiva.

Hello,

Implementation of NDSAP by TN Govt worth watching.
[ELCOT](#) leads the effort of implementing NDSAP across the departments in TN.
[ELCOT](#) is similar to IT Mission in Kerala.

599 resources in 116 catalogs by 25 departments are downloaded 4,457 times

<https://tn.data.gov.in/datacontrollers>
<https://tn.data.gov.in/sites/default/files/cdo18.pdf> [How to appoint CDO for each department/directorate ?]

Events and Meetings help by TN Govt.
<https://event.data.gov.in/events/sensitization-workshop-on-open-government-data-of-tamil-nadu/>
<https://tn.data.gov.in/sites/default/files/OGD-Workshop2-Minutes-25-10-2017.pdf>

State govts who have shared data via data.gov.in and its metric.
<https://data.gov.in/metrics/state>

Thanks,
naveenpf
