

## Participation OSM Geography Awareness Week

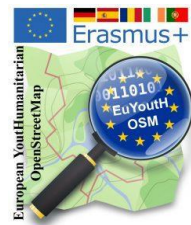

The project presented at the OSM Geographie Awarness Week our mapping activity in Terceira and students worked on it to complete the data.

We - as a group - continued our tasks in Terceira

During a whole week, all our students had the opportunity to participate - whenever they had time - in the mapping activity.

As there were no fixed dates and students were free to choose the working time, students could book an appointment with a teacher.
